Corporate Social Responsibility (CSR) | Circle Matching Employee Donation Programme

AB Circle implements the Circle Matching Employee Donation Programme. Under this programme, when an employee donates to a non-profit organization of their choice, we will match their donation at a 1:1 ratio. This means that for every dollar our employee donates, we will contribute an equal amount, doubling the impact of their generosity.

We believe that this programme not only supports meaningful causes but also strengthens our community spirit. By encouraging and supporting workplace giving, we are taking a significant step towards making a positive difference together.
